32" x 20" Steel Plate
Sides of the Outer Steel Preamp Box
Material: 59 mil 1006-1020 mild steel
All 26 holes are body drills for 10-24 screws.
All holes are centered 0.250" back from the edge of the plate.
This part is symmetric for a 180 degree rotation about its center.
Please make 2 of these plates.
