
17'' x 18'' Aluminum Plate

Top and Bottom of the Inner Aluminum Preamp Box

Material: 80 mil 6061 Aluminum

All 16 holes are body drills for 10-24 screws.

All holes are centered 0.250'' back from the edge of the plate.

Please make 2 of these plates.

This part is symmetric for a 180 degree rotation about its center.

Inner Aluminum Preamp Box
