
19'' x 20'' Steel Plate

Top and Bottom of the Outer Steel Preamp Box

Material: 59 mil 1006-1020 mild steel

All 20 holes are body drills for 10-24 screws.

All holes are centered 0.250'' back from the edge of the plate.

Please make 2 of these plates.

This part is symmetric for a 180 degree rotation about its center.

Outer Steel Preamp Box
