COURSE ANNOUNCEMENTS

View: Past Present All | Sort: Descending

Thursday, January 04, 2007

Welcome to the ISP205 Angel pages. As soon as you have a clicker, please go to the "Lessons" tab, click on "Enter your clicker ID number here", and follow the instructions to register your clicker.

Until you have properly registered your clicker, there is no way to give you the points for that you earn for your answers to the clicker questions in class.

Enter your Clicker ID number here

1. ENTER YOUR CLICKER NUMBER IN THE BLANK SPACE BELOW.

The clicker number is found beneath the battery inside the clicker. Enter the full number.

This is for first-time entries only, before you have ever used the clicker in class.

If for any reason you have to *change* to a new clicker number part way through the course, tell me your new clicker number before or after class (and make sure that I write it down).
