

## Scoring System for PHY 231C

Homework:	25%
MT Exam 1:	15%
MT Exam 2:	15%
MT Exam 3:	15%
Final Exam:	30%
Total:	100%

Correction exams for Midterms 1, 2 and 3:

Original score:  $X$  (max 50)

Correction score  $C$  (max 50)

Total midterm score:  $MT$  (also max 50):

If  $C \leq X$ ,  $MT = X$

If  $C > X$ ,  $MT = X + 0.3(C - X)$

Percentage formula for final average calculation:

$$\begin{aligned} Total\% = & 25\% \cdot \left( \frac{HW}{HW_{total}} \right) + 15\% \cdot \left( \frac{MT1}{MT1_{total}} \right) + 15\% \cdot \left( \frac{MT2}{MT2_{total}} \right) + 15\% \cdot \left( \frac{MT3}{MT3_{total}} \right) \\ & + 30\% \cdot \left( \frac{Final\_exam}{Final\_exam_{total}} \right) \end{aligned}$$
