Re: Practical Laboratory 1

The preparation document for Practical Laboratory 1, Ohm's Law, can be found on the course Web site: <http://www.pa.msu.edu/courses/PHY252/practicals> .

DO NOT bring the preparation document to the laboratory. You will be provided with a copy of it and a worksheet when you arrive at the laboratory.

The practical will be 50 minutes long, and your Instructor should have assigned you to either the first or second session. If you are unsure of the time you are to report to the laboratory for YOUR 50-minute practical laboratory, contact your Instructor.
