

CMX Mechanical Parts Guide Pin Receptacle

Rev. 19-Nov-2013

This notes describes the Guide Pin Receptacle for the CMX circuit board.

- There are 2 drawings that show the Guide Pin Receptacle.

These are drawings CMX_guide_pin_receptacle_1.png and
CMX_guide_pin_receptacle_2.png

in the following directory on the web.

[drawings/stiffening_bars/](#)

- Each stock Guide Pin Receptacle needs to be milled to length and then have a notch cut in it.
- We need 24 of these parts machined.
- The account number for this work is: RC 101366
- Please let me know if you have any questions about machining these parts.

phone: 884-5521 email: edmunds@pa.msu.edu

Thank you for making these panels, Dan
