

The background of the image features two large, dark statues of figures with wings, one appearing as an angel and the other as a demon, standing on a balcony. They are set against a dark, moody sky with a bright light source behind them, creating a silhouette effect. Below the balcony, a cityscape is visible at night, with lights from buildings and streets. The overall color palette is dominated by dark blues and greys, with a touch of yellow from the text.

# ANGELS & DEMONS™
