Specifications	4

PART I GENERAL INFORMATION

1. Introduction	5
2. Description	6

PART II PREPARATION AND OPERATION

3. Installation	7
A. Bench Mounted 9834	7
B. Panel Mounted 9834-1	7
4. Operation	8
A. Initial Preparation	8
B. Input Connections	8
C. Output Connections	8
D. Sensitivity	8
E. Zero Adjustment	8
F. Operating Procedure	9

PART III TECHNICAL INFORMATION

5. Input Circuit	11
6. Guarding	12
7. Zero Offset Correction	13
8. Voltage Amplification	14
9. A-c to D-c Conversion	14

PART IV MAINTENANCE

10. Plug-In Components	17
11. Circuit Checks	17
12. Soldered Parts and Wiring	17
13. Capacitor Testing	17
14. Converter Adjustment	18
15. Suggested Spare Parts	18
